| What do you want students to know, do, or value after this flipped module?  
After this module, students will be able to <know, do, value> <something>. | What activities will students do in class to allow them to practice and ultimately achieve the desired outcome? How will the activities be structured and integrated? | What resources, materials, and/or activities will students need to read or do outside of class to help them be prepared for the in class activities? | How will students demonstrate they have achieved the outcome? What evidence needs to be collected? |
